

Tech One has been successful in creating learning solutions and meeting the learning needs of corporate and end-customers ranging from small and medium, to enterprise organizations.

Tech One Learning is the training and human resource development arm of Tech One. The company gives attention to providing trainings to young and aspiring minds that pave the path for them to be industry ready from the very beginning.

Highly qualified instructors of Tech One Learning, recognized internationally as Microsoft's Most Valuable Professionals (MVP) and Microsoft Certified Trainers (MCT), serve as mentors to the next generation of competitive IT professionals. Students are exposed to the necessary business orientation, soft skills instruction, and on-the-job Microsoft trainings to mold them into the industry's best talents. Successful students are then offered to pursue their career with Tech One.

We believe in being the connecting point between the product and the customer.

Training facilities in Sri Lanka and Brunei Darussalam are equipped with state-of-the-art facilities conducive to learning and Certification Centers licensed by international bodies, while Bangladesh also hosts a good facility. Tech One Learning accommodates a limited number of students to administer personalized attention and to maintain quality of instruction.

Currently, Tech One Learning operates in Sri Lanka and Brunei. To learn more about Tech One Learning and courses offered, visit www.techonelearning.com.
