

Nothing says teamwork better than having the right technology that empowers your employees to finish tasks together.

Do more by adding organization and structure to your everyday business processes with Tech One Enterprise Collaboration Solutions. With improved groupware solutions, your team can work efficiently to provide answers to your own customers' needs.

Tech One uses Microsoft SharePoint and Kofax as part of our solutions. These include:

- **Document Management with SharePoint-** Organize tons of paper-filed documents by converting them into digitized copies. Copies will be easily accessed, stored, and managed through electronic archives.
- **Portal Solutions-** SharePoint delivers single infrastructure to provide portal and collaboration capabilities across intranet, extranet, and Internet sites. Design and deploy your Intranet or public portal in a cost-effective manner.
- **SharePoint Workflows-** Tech One provides out-of-the-box workflows to custom-developed workflows using Visual Studio, SharePoint Designer and Microsoft InfoPath to help your organization collaborate on documents and manage tasks by implementing improved business processes.
- **Document Capture for SharePoint-** Tech One uses another of its solutions, Kofax, to enable the automated capture of documents and data for large enterprise customers, departments, and individuals with a number of proven products.
- **Enterprise Search-** Search documents and other electronic content even when they are not stored in SharePoint. Tech One helps simplify the search process by implementing built-in search solutions or developing a custom-built search.

To manage these solutions, Tech One readily provides system integration services such as product implementation, configuration, maintenance, consultancy and trainings.

The Tech One team of well-trained professionals is certified by CompTIA CDIA+ (Certified Document Imaging Architect), and PMP-PMI (Project Management Professionals). Rest assured that Tech One has the best human resources in the industry to help you realize your business goals.

Our team can assure the digitization of large-quantity files within prescribed deadlines.
