

Tag. Find. Do. It's now easier to capture memories and access them later with our mobile device app, Etikado.

Etikado: Tag. Find. Do.

Everything is now within reach with Etikado, the latest photo management application from Tech One Global. Etikado helps you share your precious photo moments with anyone, anywhere in four easy steps:

- **Tag.** Tags are keywords you assign to a photo for easy search later on. Enjoy the benefits of tagging when looking for your photo.
- **Find.** An innovative feature, the Tag Cloud, is a cool, new tool that lets you find your tagged photos with a few clicks, making photo search fun and easy.
- **Do.** Do more with your photos by sharing them on Facebook, Twitter, or e-mail.

With Etikado, you can now access, store, and organize your photos with a few clicks on your device.

Etikado is a free application. It is available for download on Google Play (Android devices) and the App Store (iOS devices).

For more information on Etikado, visit www.etikado.com.

The Tag Cloud is a special app feature that lets you organize your photos according to the assigned tasks.
